From Son and Report Says He Was Stabbed.

A report reached the city last week that T. F. Brown, a son of Mr. J. D. Brown, of Hawkins, this county, had been fatally stabbed in San Francisco, Cal. Young Brown was a member of the 38th infantry and served in the Philippines. A few weeks ago he landed at San Francisco and was mustered out of service. He was expected home at once and his failure to arrive caused much uneasiness to his parents and his friends generally. The young man's father was in the city one day last week endeavoring to communicate with persons who were in a position to be acquainted with the facts in the case. He was unable to learn the whereabouts of his son or any particulars of the reported trouble.

GENERAL RAIN.

Welcome Showers in Portions of Nebraska, South Dakota and Iowa.

Omaha, Neb., August 3.—Rain, which appears to be general throughout the northern portion of Nebraska, southern Dakota and the northern portion of Iowa, commenced falling early this morning and continued with but slight intermission until late this afternoon. Reports received at the weather bureau indicate that rain fell at Hartington, O'Neill, Valentine, Oakdale, Takamah, Long Point and Fremont in Nebraska, and at Storm Lake, Carroll and Sibley, Iowa.

Rain is also reported from Cheyenne, Wyo.; Rapid City and Huron, S. D.

ILLINOIS CENTRAL SHOPS.

Fire Causes \$25,000 Loss in the Purchase Metropolis.

Paducah, Ky., August 3.—The woodworking department of the Illinois Central shops here burned this morning at 4 o'clock, resulting in a loss of over \$25,000. The fire was the largest Paducah has had for several months, and is the first to invade the railroad shops since they were established here in 1883. The fire started in a pile of shavings near the front of the planing mill, and when the building was opened by the firemen the tons of sawdust blazed like tinder and the building was soon a mass of flames. The paint shop caught and burned. The remainder of the shops were saved.

Several coaches and cars were burned, and the tools of seventy-five workmen, who are now out of employment, were destroyed. Local agents of the company do not know whether there is any insurance. The company will probably rebuild at once.

MR. BRONAUGH ILL.

Condition Improved and Chances For Recovery Considered Good.

Mr. Wm. M. Bronaugh, of Pembroke, has been very ill for several days and on last Friday his condition became alarming. He was reported better yesterday and his many friends now have hopes of his recovery. He is suffering with heart trouble.

Clerks Appointed.

Messrs. W. H. Cornelius and R. A. Cook have been appointed deputy County Court Clerks.

PRESS CROWD

Cordially Welcomed by the Twin Cities of Hopkins.

Madisonville and Earlington Vie With Each Other in Hospitality.

The Kentucky Press Association met at Madisonville Thursday with seventy papers represented by about 120 members. The local program included business sessions at Morton's Theatre Thursday night and Friday morning. The address of welcome was delivered by Dr. W. P. Ross, Mayor, and responded to by President Robt. W. Brown. Papers were read by Prof. J. J. Glenn, Mr. E. S. Albright and others at the night session. After the adjournment of this meeting, the visitors were tendered an elegant dance at the Armory, which was a brilliant social event. Friday morning the election of officers took place. Vice President Harry McCarty, of Nicholasville, was elected President. Thos. G. Watkins, of the Courier-Journal, Vice President, and R. E. Morningstar, Secretary, all by acclamation. Mr. Morningstar, who has been Secretary for six years, announced that he would not again be a candidate for the position.

At eleven o'clock Friday morning the body left in a special train for Earlington, where the editors were royally entertained in the beautiful grove on the banks of the lake. While waiting for the tables to be spread, Mayor Burr delivered an address of welcome. Col. E. G. Seebree and Mr. Jas. R. Rash also spoke, and on the part of the newspaper men short speeches were made by President R. W. Brown, Chas. M. Meacham and Jno. H. Westover.

The dinner of barbecued mutton, bread, pickles, tomatoes, ices, cakes and other good things was one of the pleasantest features of the press meeting.

The citizens of Earlington were most cordial in their welcome and unbounded in their hospitality. Mr. George Atkinson, of the St. Bernard Coal Company, was the master spirit in the entertainment.

In the afternoon the press crowd returned to Madisonville and 119 members left at night for a tour of ten days in Colorado, Utah and other mountain States.

GRIM REAPER

Invades the House of Mr. David Smith.

Hanson Smith, son of Mr. David Smith, of Fruit Hill, died at 11 o'clock last Saturday night, after a brief illness, of tuberculosis of the bowels, aged 17 years. He was a student of South Kentucky College last session and was unusually bright and promising youth. He was in this city the first of last week and appeared to be in the best of health. On Wednesday he was taken ill and despite the efforts of his physicians gradually grew worse until death came. The funeral was preached at the Universalist church at Fruit Hill by Rev. McChord, Sunday afternoon.

The remains were interred in Hopewell cemetery yesterday at noon in the presence of a concourse of sorrowing friends. No young man in North-east Christian enjoyed a wider popularity and his death is a great blow to his parents.

PEE DEE MOONLIGHT.

Young People Pleasantly Entertained By Mr. and Mrs. Lindsay.

A moonlight picnic was given by Mr. and Mrs. R. S. Lindsay last Friday night at their home near Pee Dee, in honor of Miss Lizzie Smithson, daughter of Mr. Jas. A. Smithson, of the same neighborhood. A large crowd was present and the event proved a most enjoyable one in every particular.

STRIKE IS ON.

The Trust Officials Refused to Make Any Concessions.

The Greatest Contest Ever Inaugurated Between Capital and Labor Is Begun.

Pittsburg, Aug. 2.—It will be a fight to the finish. No quarter will be given. We are prepared to spend all the money and time necessary to wipe out the Amalgamated Association in all of our mills.

This was the message that came over the wires from New York to local officials of the United States Steel Corporation this afternoon. Peace negotiations between the Amalgamated Association and United States Steel Corporation have been broken off, and, according to the statements of both sides in the controversy, the steel strike will be a fight to the finish. The Steel Trust officials announce that they are ready to spend all the money and time necessary to destroy the power of the Amalgamated Association in all of their mills. On the other hand, the labor leaders assert that they are prepared to fight to the end. The decision to continue the strife between the conflicting forces was reached after the conference in New York between Morgan and other high officials of the United States Steel Corporation and the Executive Board of the Amalgamated Association. Both sides refused to yield a point, and Morgan and his associates finally withdrew from the meeting, after issuing their ultimatum, the terms of which were rejected by the labor leaders.

SHARBER-BILBRO.

Christian County Farmer and Hopkins County Lady Marry.

Mr. John Sharber, a well known young North Christian farmer, and Miss Viola Bilbro, of Hopkins county, were married at the home of the bride's parents, near White Plains, on the 28th inst. Rev. John Bilbro, father of the bride, performed the ceremony.

The young people have gone to housekeeping near Red Hill.

CADIZ AND GRACEY

To Be Connected By Rail By November 1.

About thirty teams and scrapers are now at work on the Cadiz railroad and four miles of the roughest part of the route are now ready for the ties. The ties have been distributed along the roadbed and the rails have been purchased and will be delivered along the line at an early date. It is now calculated that trains will be running by Nov. 1.

INCENDIARISM SUSPECTED.

Mysterious Fire destroys Mr. Prim's Residence Near Elmo.

The residence of Mr. John Prim, a young Elmo farmer, was destroyed by fire on the 25th ult. There had been no fire in the house for several hours and Mr. Prim and his wife were away from home. Incendiarism is suspected. Some of the furniture was saved. There was no insurance.

LOCATED IN LOUISIANA.

Rev. U. A. Ransom, Pastor of Southern Church.

Rev. U. A. Ransom, formerly of this county, has gone to Bastrop, Louisiana, where he has accepted a call to two Baptist churches, one at Bastrop and the other in the country near that place. Mr. Ransom has spent two seasons at the Southern Baptist Seminary and was pastor of Sinking Fork church last year.

Eozema

How it reddens the skin, itches, coarsens, dries and scales!
Some people call it tetter, milk crust or salt rheum.
The suffering from it is sometimes intense; local applications are resorted to—they mitigate, but cannot cure.
It proceeds from humors inherited or acquired and persists until these have been removed.

Hood's Sarsaparilla
positively removes them, has radically and permanently cured the worst cases, and is without an equal for all cutaneous eruptions.

Hood's Pills are the best cathartic. Price 25c. each.

Geo. H. Ketcham's great stallion, Crescens, now seven years old, has lowered the trotting record again, this time to 2:02.4. In discussing the possibility of a two minute record, Mr. Ketcham says:
"A horse in going a mile in 2:02 has to go 43.28 feet in a second, and Crescens' stride is 21 feet 6 inches, so practically he has to make two complete strides a second to accomplish this feat. Now what he has practically got to do to reduce his record from 2:02.4 to 2:02 is to make one and one-half strides more in the mile, or in other words go about thirty feet farther or quicker to accomplish this result. This seems a very simple matter on the face of it, but to the man behind the horse it looks like an almost impossible feat. I look, however, for him to reduce his record, but how much I do not dare to say."

Table Talk for August partakes largely of midsummer ideas and thoughts for women. Some of the topics treated are: "Bird Study as a Recreation for Women;" "In Cuba as the Cubans Do;" "An Art School in the Orient;" "Ambition in Women, Past and Present;" "Suggestions for the Hostess;" "An Out-of-Door Supper;" "Some English Dishes;" "The Tyranny of Notions," etc. Its illustrated dishes, its recipes with all illustrations how to follow them, make the August number of interest to women. Our readers can obtain free sample copies by addressing Table Talk, Philadelphia, Pa.

Judge J. D. White has announced himself a candidate for re-election in the First Appellate district next year. Judges J. E. Robbins, of Graves and Joo. L. Dorsey, of Henderson, are certain entries and Judges Thos. J. Nunn, of Madisonville, and Thos. P. Cook, of Murray, are strong probabilities. The district contains 13 counties in the First District and 5 in the Second.

According to an agreement said to have been made between the President, Sapp and certain leaders, Sapp is to retain the office of Collector, but must resign as chairman of the Republican committee and sever his connection with local politics. The committee will meet to-night to annul the recent Louisville primary and a delegate convention will be held.

Lieut. Enrique Calbrites, former Governor of Santiago, has come to the defense of Schley. He says he was on the bridge of the Viscaya and saw the light, in which the Brooklyn fought three Spanish vessels and that the charge of cowardice against the heroic Schley is ridiculous.

Judge John M. Lansing, of Burlington, who is serving as Circuit Judge by appointment in the fifth district, has been given the Democratic nomination without opposition. The nomination is equivalent to an election.

A Minister's Good Work.

"I had a severe attack of bilious colic, got a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, he had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's Colic, Cholera and Diarrhoea Remedy and he said, 'No.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by all druggists.

W. W. VASS DEAD.

Prominent Fairview Farmer Passes Away After Brief Illness.

Mr. William W. Vass, a highly respected Fairview farmer, died a few days ago, after a brief illness, aged 60 years. He is survived by a widow and several children. He had been a member of Fairview Baptist church for many years and was one among the most popular citizens of that section. The interment took place in the Moseley burying ground.

If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels, or diarrhoea, so common to small children. O. P. M. Holliday, of Deming, Ind., who has an eleven months' old child, says: "Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." For sale by all druggists.

GLENN STEFFY FREE.

Glenn Steffy, of Hopkins county, who was given a life sentence for complicity in the Howton murder in Caldwell county, was pardoned by the Governor last week. Steffy, it will be remembered, spent several months in jail here prior to his trial. Mob violence was feared and he was brought here from Princeton for safe keeping. He had served about six years in the Eddyville prison.

The republicans have held a mass meeting and have decided to run a municipal ticket. "Down with corruption and only honest men for office," will be the republican war cry. What democrats will adopt as a slogan is not known, but they are supposed to favor a wide-open town and that is the kind of a town Lawton is most likely to be, with or without democratic control.

The election ordinance was re-enacted without change, ordering the election of seven councilmen in November, one from each ward.

The association will be in session three days.

"Great Scott, sir!" said a stout man, looking down from the balcony skirting the upholstery department of a well-known shop, "this is an immense place—huge, simply stupendous!"

"Oh, yes, nice place," said the shopman, obligingly.

"The Stores ain't a comparison. No, sir; not a comparison, sir. How much of a stock does this represent?"

"About £250,000 worth."

"Good! First-rate! And furniture—how about furniture?"

"Over £50,000."

"Admirable! Take a house and go right through it, I suppose—furnish it completely, could you—from top to bottom?"

"Yes; everything, from carpets to bric-a-brac."

"And lace curtains and tapestries—your keep them?"

"Keep everything."

"And you know what style is, too—Renaissance, Pompadour, Henry II. and the Louis?"

"No one better than our manager. Perhaps you had better see him. Mr. X—, here one moment! And the manager came up with a smile on him like a half-moon.

"No idea of it," mused the customer. "No idea! Had an impression you had to go to Paris for such things. Good taste—everything correct; surprising, really!"

"If you could give me an idea," ventured the manager, "of about what you required, sir, you know—"

"Ah, yes, I forgot. I want a stick of sealing wax. Magnificent establishment, sir!"—London Tit-Bits.

CHECK FOR FOUR CENTS.

Bothered a Merchant to Know What to Do with It.

It is not often that a business man gets a check for money that he would rather be without, but that is what happened to a wholesale lumber dealer of New York city the other day, says the Sun.

The check was sent to him by the receiver of a defunct Boston hardware concern and he was entitled to the money as a creditor. Made out on a Boston bank, it called for the payment of four cents as the first "and final" dividend.

After recovering from his surprise the recipient sat down to reckon it all out. There was the two-cent revenue stamp and a two-cent postage stamp on the letter. That meant four cents to send it to him, not counting the cost of paper and envelope and printed form of acknowledgment. To acknowledge its receipt and cash the check would involve an outlay of about 12 cents more, as banks charge for out-of-town collections.

He was still thinking it over when a friend entered the office and offered twice the face value of the check to secure it as a curio. He sold it in a hurry.

THE SONG OF BIRDS.

Imitation a Fine Art Among the Feathered Tribes.

M. Coupin writes on the subject of bird song, giving many interesting examples of imitation. Very remarkable is the instance of a sparrow imitating the stridulation of a grasshopper; one spring the sparrow's cage was hung near another cage containing several grasshoppers. No notice was taken by the sparrow for a whole year, but during the next year he learned to imitate the grasshopper's notes and never forgot them during his life, often combining them with the songs of birds, however. Young larks sometimes learn the notes of the nightingale. Certain birds in Thuringia sing much better than others of their own species in the Harz mountains, it is said, and the superb excellence due to local conditions always persists.—N. Y. Sun.

London 'Bus Horses.

Some curious facts are given with reference to London 'buses. Each of those of the General Omnibus company, numbering 1,320, runs on an average 64 miles a day; carries 420 passengers, and earns £2 10s. Attached to each 'bus is a stud of 12 horses, of which only ten, or five pairs, are worked in any one day, thus insuring a complete day's rest for each pair every sixth day.

A Curious Settlement.

At Carracross, on the west coast of Ireland, the only building in the place is the residence of the priest. Seventeen old fishing boats, one of which is said to have been built between 1740 and 1750, form the rest of the quaint little village. There is not a tree of sufficient size to furnish timber within eight miles.

A HAPPY HOME

Is one where health abounds. With impure blood there cannot be good health. With a disordered LIVER there cannot be good blood.

Tutt's Pills

Shall You Study Osteopathy? Yes.

There's money in it.

A year—five thousand dollars a year—that's what our graduates do.

There's honor in it—it is noble to do good.

There is pleasure in it—restoring the maimed, helpless and afflicted is inspiring.

There is purpose in it—it is found on the simple truth that the perfect machine runs perfectly.

There is unexampled opportunity 200,000 practitioners could be put to work to-day.

Then there's the cost—20 months' course at half the cost of other professions.

The Southern School is at the top—graduates equipped for thorough service, member Associated Colleges, fine faculty, every facility.

The graduates we've sent out get results. They cure people. They are established for life after a few weeks of meritorious work. We appeal to you from their record. They have won success. And you can do it.

This science is revolutionizing drug medication on. "Get back to nature" is the slogan of progress.

Osteopathy is nature's method.

Ask us any question. We want you to know what this new system is—that is all; we'll trust your intelligence for the rest.

FROG 2000 YEARS OLD.

He Had Been Frozen Into The Ice in Pittsford Ice Cave in Vermont.

Brandon, Vt., Aug. 1.—Prof. Adrian Ronalds, a geologist from Rio de Janeiro, who has been spending a few weeks collecting specimens of minerals in the Green Mountains about here, explored the Pittsford ice cave a few days ago and discovered buried in two feet of ice a frog, that when thawed out came to life and croaked. The geologist declares that the frog, which was full grown and of the bull variety, had been in cold storage for upward of 2000 years. He points out to the skeptical that toads and frogs have been found in stone and coal pockets and that they come to life after being buried for thousands of centuries.

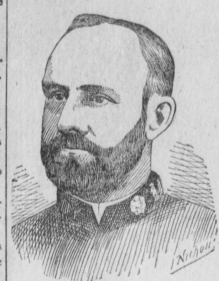

The existence of the Pittsford ice cave has been known since the days of the Revolutionary war, but few have had the temerity to explore it. It is remarkable, for it is a fact that the entire floor of the cave proper and subterranean passages leading in are ice many feet in thickness and as clear as crystal. The ice has never been known to melt, the thermometer registering several degrees below the freezing point on the hottest summer days.

The popular view of the relation of the blood to human character and conduct is marked in many a familiar expression: "We speak of there being 'bad blood' between people at enmity," "blue blood" as indicating ancestry, of "black blood" as describing a treacherous nature, and in many other phrases mark our belief that in the mental, moral and physical man, "the blood is the life." The one basis of a healthy, happy and useful life is pure blood. With the blood pure, disease has no permanent lodging place in the system. For this reason the use of Dr. Pierce's Golden Medical Discovery cures the body of diseases which have their origin in impurity of the blood. It absolutely purifies the blood, carrying off the waste and poisonous matter, increasing the action of the blood-making glands, and building up the body by supplying the blood in quantity and quality such as is essential to a condition of health. It cures ninety-eight people out of every hundred, who give it a fair trial.

OUR SAMOAN ISLANDS.

Commander Tilley Reports That Tutuila and the Nana Group Have 6,006 People.

In accordance with instructions from the navy department, Commander Benjamin F. Tilley, the naval commander at the United States naval station at Tutuila, Samoa, has forwarded to Washington a report upon the population of those islands of the Samoan group under the jurisdiction of the United States. From the most reliable authority in the islands he has ascertained that the population of Tutuila totals 4,000, and of the Nana group 2,000, including adults and children. In

addition to the native population there are on the islands approximately 100 Europeans.

Since his last report to the department Commander Tilley has visited the islands of the Nana group aboard his stationed ship, the Albatross, and has found everything in a most satisfactory condition. The natives of these islands, he says, exhibit a much more kindly feeling than ever before. They have voted, tax for the payment of their officials and for other expenses of the government.

THEODORE J. SHAFFER.

Newly Elected President of Steel Workers' Association in Preacher as Well as Roller.

Theodore J. Shaffer, who has just been elected president of the Amalgamated Association of Iron, Steel and Tin Workers, is one of the most earnest and at the same time most cultured and broad-minded labor leaders in the world. He is "modern" in every respect. A college graduate, a doctor of divinity, one of the most eloquent pulpit orators in the east, and one of the most expert iron and steel rollers in the whole Pittsburgh region, it is not surprising that Mr. Shaffer is

distinguished among his fellow workmen. Some years ago he left the Monongahela mills to study theology, succeeded in the effort, and became pastor of the First Methodist Episcopal church at Brownsville. He gave up the pulpit, however, and returned to his work as roller because of that occupation's congeniality. At the same time Mr. Shaffer was a notable success in the ministry. He is a native of Pittsburgh, is 45 years old, and was first elected president of the Amalgamated association at the Cincinnati convention.

Unique Memorial to a Pig.

No stranger monument ever existed than that which was erected at the Hotel de Ville by the inhabitants of Lunenburg, in Hanover, in honor of a pig. This, which took the form of a kind of mausoleum, contained a large glass case in which was hermetically enclosed a fine ham cut from the animal, whose memory was to be handed down to posterity. Above was a handsome slab of black marble, on which, engraved in letters of gold, was the following inscription in Latin: "Passer-by contemplate here the mortal remains of the pig which acquired for itself imperishable glory by the discovery of the salt springs of Lunenburg."

Bullets Cause Acute Pain.

Army surgeons declare that the expression on the faces of soldiers killed in battle reveals the causes of death. Those who have perished from sword wounds have a look of repose, while there is an expression of pain on the faces of those slain by bullets.

Children as Tree Farmers.

A home-gardening association has been formed in Cleveland. Last spring 50,000 penny packages of seeds were distributed among children, with directions how to plant them. Seventy-five per cent of these efforts were

"SOME SARPENTS"

Not a Good Season For Snakes Either.

Frank Deering, our esteemed fellow citizen, and a man upon whose word all good people place confidence, was in our city this week talking snakes. The corn and tobacco crop of Caldwell may not show up much this year, but snakes are thick. Frank says last week his dog tackled a monster, five feet long, and he ran a small distance to get a hoe wherever to dispatch the reptile. Upon his return in a few moments, the dog had done the work, and he counted upon the ground, forty-one small snakes, varying in length from twelve to eighteen inches that had poured out of the parent snake's mouth. How many escaped is not known; how many remained inside is not known, but taking it as it is, we are constrained to remark it a good crop of snakes considering the drought.—Princeton Banner.
